ORDER¹

The Respondent's request for special permission to appeal from Administrative Law Judge David I. Goldman's ruling on the record precluding testimony by the Respondent's proposed expert witness is denied. The Respondent has failed to establish that the judge's ruling cannot be appropriately addressed at a later stage of this proceeding. Moreover, the Respondent's argument in support of the request fails to show that the judge abused his discretion in finding that the proposed expert testimony would not add to the relevant evidence or assist him in deciding the issues presented.
